Alumni Updates

What a week it's been. Our thoughts go out to all those facing devastation & clean-up from Hurricane Ian.

But we like to leave you on a positive note with alumni updates on Sunday evenings. This week we checked in on Daisy, Peaches and Gunner. See what they had to say on the blog below.

<https://www.segsprescue.org/alumni-news/what-a-week>

We've got proof that these alums are living their best lives!

We've got proof that these alums are living their best lives!

Check out our blog today for Sunday Alum Day! See what Tucker, Belle, Chick, Grace, Scout and Samantha all have been up too!

<https://www.segsprescue.org/alumni-news/living-their-best-lives6912149>

We have two terrific updates for you today on the blog. Check out Edith's life story and a look at 2020 alum Blue!

<https://www.segsprescue.org/alumni-news/edith-and-blue>

Chick, 2021 alum, had 10 bumps taken off yesterday at the vet. About 5 are suspicious and have been sent out for biopsy.

But Chick is doing well and home resting. And the vet gave her a new bandana!

Thanks for your prayers for good results in a few days.

If you're interested in helping this beautiful breed, ...
sign up to be a foster.

Thank you to all of our foster volunteers - fostering can be difficult at times, but oh, so rewarding!

<https://www.segsprescue.org/volunteer#germanshorthairedpointer>

Did you know that one month of fostering can save a dog's life?

We really need your help - without foster homes we have to turn away dogs.

If you've ever thought about fostering, NOW is a great time! If you're not sure please reach out to your state coordinators (Email links are on our website on the "About"

page). If you haven't completed a foster application, you can do that at: <https://www.segsprescue.org/volunteer-application-655644.html>

Thank you for sharing...

October 12th marks the 5th year without our founder Beth Cochran.

Her memory lives on with each dog we rescue.

Beth, a veterinarian, personally fostered more than a hundred dogs as well as vetted and cared for countless dogs for rescue. She touched and impacted hundreds of people through her work rescuing dogs and by creating the Southeast GSP Rescue. Her dedication and love of GSP's will live on forever in the dogs we rescue.

The Story of Beth and the Southeast GSP Rescue:

In 1990 Beth acquired her first GSP and joined the GSPCA. She read an article about rescue in the journal and realized there was no one helping in the SE and saw a need she could address. For the first few years, Beth managed rescuing dogs on the East Coast as a very small group, communicating with a few volunteers by phone and mailed newsletter – there was NO email or Internet then.

Beth fostered and placed some dogs and some went to other regions including the New England area. She kept a phone log of calls and dogs and conversations. There were often no home visits and dogs were transported

by networking along the route to folks who could help out. Technology advanced and soon there was email. Beth lived in NC at the time and drove hundreds of miles to pick up and deliver foster dogs in GA, FL, TN, SC. Beth was the coordinator for the Southeast states with about 3-5 volunteers total at any one time – it was small, but the rescue was on its way.

Slowly, Beth grew the rescue. SEGSP placed about 10 dogs a year. She often funded them out of her own pocket, sometimes having rescue owe her a thousand dollars or more until she could place some dogs. In 2007, Beth moved to GA for work. The SEGSP website was created and with better networking and communication, the number of volunteers increased considerably.

Beth soon joined Facebook and from there SEGSP Rescue has grown exponentially. SEGSP now rescues approximately 100 dogs each year and has over 1000 volunteers in 7 states – quite an accomplishment thanks to the tireless work and dedication of Beth Cochran.

Anyone else out there with a pup that you feel is tricking you for lots of treats

Happy Friday! Today is plush animal lovers' day, a GSP Favorite!

We want to know, do your pups love stuffed toys... or love them to pieces!

October 12th is National Farmers Day.

Any other GSP farmers out there?

Today is National Vet Nurse Day. While maybe not a well-

known holiday, but an important one to celebrate.

Thank you to all the vet staff out there that keep our babies healthy & happy!

Pictured, senior alum, Scout '17 (formerly Onyx), now in great health and still very agile in his old age thanks to his vet staff!

October 22nd is the 4th annual National Make A Dog's Day,

Created by Subaru to encourage everyone to do something special for their dog and think about adopting an Underdog (dogs that have special needs and a longer road to adoption).

If you want to open your heart and home to an underdog, we need your help!

Gator, in SC, a blind senior, is still looking for a forever home that will show him around, be patient while he learns his new space and love him. Even though he can't see your smile, he can feel it!

To adopt Gator please see his full story on our website at <https://www.segsprescue.org/available-dogs.html> then email his foster parents (the email link is at the bottom of Gator's website page).

We'd love to hear/see your own Underdog story.

TENNESSEE FOLKS...

mark your calendars for Saturday, Nov 5th -
our Middle TN GSP
Meetup in Murfreesboro.

Bring your pups and meet other GSP fans. If you want to join us, or have questions, please call or text Mandy at 731-467-1110. Thanks for sharing...

Our TN Meet Up in Knoxville on Saturday was a huge success! Thank you to our TN Coordinator who organized the meet up. An alum Boone (formerly Felix), and current foster dog, Jasmine, attended, as well as several other GSPs and volunteers. And best of all, the dog park was super busy and lots of folks learned about SEGSP rescue that hadn't heard about us before.

The dogs romped and played with each other as well as other dogs at the park and the highlight was the dock

diving and lake area where the dogs enjoyed the water and splashing around.

We love when our volunteers get an opportunity to connect in person and build relationships that allow us to better serve the dogs in our rescue. The next Meet Up will be on Saturday, Nov 5th in Murfreesboro, TN. If you can make it, or have questions, please call or text Mandy at 731-467-1110.

PLAY DATE and
YAPPY HOUR

Join us for a play time and happy hour for our Middle TN SEGSP Family. Water and snacks provided. Door prizes. Please bring a chair.

Open to all current and former SEGSPR Volunteers, Alums, Families, those who want to learn more about the rescue or those that just love the breed. Come with or without your dog.

**November 5
10-Noon**

Boroview Farm
5089 Lytle Creek Rd.
Murfreesboro, TN

Questions? Call or Text Mandy at 731-467-1110

New Adoptions

Saban (on the right) has found his home!

Thank you to his foster family for helping Saban along his journey.

Saban's

foster mom Kelsey said,

As soon as Christine met Saban she fell in love with him. Her GSP Piper and Saban are like brother and sister. They love to play together, go swimming together and of course snuggle with each other.

Saban is a lucky boy as he gets spoiled with treats, new toys, and lots of love. Super happy he has found his forever home and will live a good life."

Congratulations to Saban and Christine!

Duke (solid liver) hit the forever home jackpot - his foster family who he loves and just couldn't leave.

Duke's

foster, now forever mom, Stephanie said,

He is already a part of our family. He fit right in even before we lost Dixie and it just seems right. He is the most special boy and we love him so much already."

Congratulations Duke, Stephanie, Phil, Kenton and Hank (GSP brother)

Taffy, who has been boarded at Kanupp Kennels since January, has found her forever home! We are SUPER happy for this girl!

Taffy

had a troubled past and was frightened of many people and other dogs, but with the kennel staff's love and training, she made remarkable progress and had been searching for her home since April.

She needed a very special home (often called a Unicorn), and our prayers were answered when one of her trainers fell in love with her and decided to adopt her.

Taffy's troubled past is behind her now and we all look forward to updates about her happy forever with her dad Benjamin. Congrats Taffy and Benjamin!

Elle (FL) fell into her foster family's routine, then fell in love.

Elle

is now part of the family FOREVER! Congratulations to Elle and the Becker family!

New Adoptions

Gia has found her forever home!

Gia came from a FL shelter and was very skittish. With the guidance and love of her foster mom Tanya, she blossomed and found her forever home. Thank you, Tanya!

We are thrilled that Gia has found her home. Congratulations to Gia and the Salazar family! We look forward to receiving updates.

Buddy (solid black) has found his home!

Buddy's foster mom Denise worked very hard to evaluate his temperament to determine what his needs were in a forever home, then went through many applications to choose the right home for Buddy. Thank you, Denise!

His new mom Andrea said Buddy and his new sibling Gunner played for hours and crashed at bedtime. From Andrea, "Thank you for taking such great care of Buddy over the last few months and for all of your communication during this process. We are truly grateful for all you have done. We are beyond excited to welcome Buddy to our family!"

Congratulations Buddy, Chris, Andrea and Gunner!

Georgia (FL) went about her "forever" plan in a different way than most GSPs.

Georgia's secret plan started with her foster GSP sibling Colt. It took a while but Colt not only warmed up to Georgia, he now isn't sure what he'd do without her. So...Colt lobbied and convinced his parents Vicky and Chris that they should adopt Georgia.

Result: Georgia's foster, now forever, family has officially joined the Foster Fail Club! Look at the photo of Colt

thanking them – beautiful!

From Vicky,

It brings us a great deal of peace to know we will never have to worry about where Georgia is or how she's doing. Since she has arrived, she has always struck out on her own path, including heeling me while I do my normal farm chore routine. She has never found that patiently waiting by the gate for me to finish is as much fun as her K9 sibling Colt does.

She brings me a great deal of laughter and excitement with her fearless, tenacious, no nonsense, business with our livestock. She and Colt, who are both a bit unsocial, have found a healthy balance and respect for each other, and pick up where the other leaves off now.

She awaits Chris's arrival home like a bouncy ball and has snuggled her way to his heart and on to the furniture lol. She compliments our family well and it's hard to imagine life without her presence."

Congrats Georgia, Colt, Vicky and Chris!

New Adoptions

After a very long search, Olaf has found his forever home! And we could not be happier!

Olaf's foster mom Vicki, who has loved, trained, and spoiled Olaf preparing him for this happy day, said,

“ Today we met Olaf's new dad, we got to the meeting spot early so Olaf could burn off energy playing. I was nervous, as attached as Olaf had gotten with me that he might growl or be hesitant with meeting someone new but boy I have never been so wrong in my entire life.

The minute his new dad Conor got out of his jeep Olaf took off running to him like he knew exactly who this new guy was. Conor wrapped his arms around Olaf like they were destined to be together and a bond was immediately formed that will never be broken.

Conor stood up to say hi to us and Olaf assumed that meant it was time to go and jumped in his new jeep and never looked back! We said our goodbyes and got in my car only to look back to see new dad Conor taking selfies with Olaf in his jeep, this made me smile more than anything because it told me that Olaf will be the center of this man's life from now until the day he leaves this world.

I immediately started bawling like a baby as we drove away and took to editing his pictures to take my mind off this foster mom job that I love so much but still have a tough time with Adoption Day.

It took one picture to dry up those tears, Conor squatted down with Olaf's squishy face in his hands and Olaf giving his new dad his first slobbery kiss of many to come. I took about 50 pictures as I always do and I promise you only about 3 off those 50 did Conor actually look away from Olaf, he could not stop looking at his new best friend and that to me is the greatest reward of this job.

To be a part of creating a relationship so pure and full of love is something I will never get tired of. Here's to the many adventures of Conor and Olaf, I can't wait for the updates of the Adventures between a boy and his dog!”

Thank you Vicki for everything you've done for Olaf – you are an amazing Foster Mom and we are forever thankful you are part of our team. And CONGRATULATIONS to Conor and

Murray has found his forever home!

Murray is pictured with two of his three human siblings and they couldn't love him more. The Johnson family said Murray already loves the neighborhood dog park, had a bath, and fitted for his new Palmetto bow tie.

A huge thank you to Kristy who fostered Murray. Kristy is so excited that he found his home with the Johnson family. She said Murray will be so loved and will continue to grow and blossom under their care. Kristy already misses Murray but knows how much he is loved.

Congratulations to Murray and the Johnson family!

New Adoptions

Dolly (TN) here - I decided that my foster home is SO fantastic that I'm staying here permanently!

My Doberman brother, Huey, and I play tug of war, run in the backyard, walk with our mom, and run with our dad. Sometimes mom and dad say they need a "break" - whatever that means - and Huey and I head down the street to Miss Sarah's Daycare. Miss Sarah has THREE other GSP girls who also attend her daycare!

After a long day of playing, barking, chasing squirrels, and running around the house, I retire to my Taj Mahal crate that I've decorated with blankets and pillows for a nap or bedtime.

What's not to love about life in Nashville? Oh, the best part? Mom and Dad sing a song to me ALL the time, something about a Lollipop, but they sing "Dolly Pop" instead - they LOVE me!

We are so very happy for Dolly and for her new forever family. Special thanks, too, to her first foster, Dottie, who made such great progress with her, too, and began showing her the sweet life of rescue.

Sadie, now Gracie, has found her forever home!

Sadie, now Gracie, has found her forever home! This girl hit the jackpot with her mom and dad Richard and Kristen. She also has 3 feline siblings and word has it, friendships have formed and cuddling has ensued. Of course, this wonderful occurrence would never have happened if not for her foster dad Chip.

Thank you Chip for all of the time and effort put into finding Gracie's forever home, and all of the time and love put into preparing her for this journey.

Congrats to everyone (including Gracie's feline siblings)!

Gus, in SC, has found his forever home!

Gus's forever mom Debbie and his fur sister Charlie are elated to welcome him into their family. His foster mom helped him dress for the occasion and he waited, not so patiently, for his time to meet his new mommy! His fur sister Charlie was a little camera shy but we're hoping for updates of them playing together. No doubt Gus is going to have an awesome life living on the lake. Thank you to his foster mom Barbara for preparing him for this amazing day!

Millie (FL) has had several nicknames while at her foster home ...

... but they have finally decided on the "right" name for the "right" dog for them. That's right, Millie is HOME with her foster-now-forever home YAAAAY! Her forever mom Allyson said,

“**Millie-Joy** Marie

is the light of our life. It would be an honor to be her parents for the rest of her life. God knew she was exactly what we needed after losing King, who was actually my first foster and my first failure. She truly was sent for us. Our 51st foster.”

Congratulations Milli-Joy Marie and the Steinberg family!

K9 Foster News

Ann (GA) is still hanging out with her foster mom Sarah – no new updates. She's still working on her canine manners and behavior with other dogs.

Babs (FL) is brand new to rescue. She was found as a stray and is about 2 years old, spayed and heartworm negative. Thank you, Stacey, for fostering Babs. We look forward to learning about her personality.

Bentley (NC) is working on a big announcement for social media and the next newsletter. It's happy news and we can't wait!

Blair (GA) moves so fast that her foster mom Holly says it's tough to get a good photo. However, Blair helped her with dog-sitting a friend's dog recently and Blair did very well. After only 48 hours she was even snuggling a little with him. She just needed a little time to warm up. Holly says Blair has been very playful on walks, picking up sticks and pinecones. And she can play with a tennis ball all by herself. So cute. Blair has a couple more months in rescue as she recovers from heartworms.

Cash (GA) (far left, green collar) and his foster brothers are enjoying the perfect fall weather after a morning of ripping and romping. I'm sure he's dreaming of his future forever family where he and his forever siblings can play until they agree on a much-needed nap. If you think Cash (GA) is perfect for your home, please see his full story on our website and email his foster mom Mandy (her email link is at the bottom of his page).

Daisy (NC) is not your typical GSP when it comes to cats – she likes them! We can't believe Daisy (heartworm positive) isn't climbing the walls while on restricted activity; she's just happy to lounge around. Whoever adopts Daisy is going to need to be ready for some serious petting because she can't get enough. So sweet! Thank you, Jackie, for all you do for Daisy.

Domino (FL) is helping his foster family recover from Hurricane Ian that damaged their property. He is good with emotional support, but perhaps not so great with cleaning up (the opposable thumbs issue). Thank you, Domino!

Earl and Otis (NC) are new to rescue. A Good Samaritan found them when a loud truck pulled up and quickly drove away. That spot is tragically known as a big "dog dump" site. She was able to catch them and bring them to a shelter. They are both very skinny and will need to gain some much-needed weight. Both Otis and Earl have worms and will need to be neutered, but thankfully are heartworm negative.

A HUGE thank you to Peggy and her husband for driving 4 hours one way, staying overnight and then driving another 4 hours home to get these boys safe!! We seriously cannot do what we do without our wonderful compassionate volunteers like Peggy!

We are also so grateful to Loretta and her husband David for fostering both boys and they say they are doing great so far. Loretta took them on a 7-mile hike and they both did relatively well. Earl (he's around 2 years old) pulls a bit and Otis the younger one (6-8 months) is still trying to figure it all out. Loretta thinks they were definitely someone's pets at one time.

They do seem related but are not a bonded pair. They both were champs with nail trimming, getting ear mite medicine, their teeth checked, and they both enjoy their kennels. They come when called and LOVE affection. Earl is a pretty chill guy who heads straight to one of the open kennels when in the house. Otis is super sweet and curious, but not obnoxious, just puppy curious.

K9 Foster News

Gator (SC), our blind boy, is still searching for his forever home. He's looking for someone who wants an amazing companion that will help him learn his surroundings (he's a smarty who catches on quickly) and keeps to a routine (he responds well when he knows the drill). He's a simple dude, easy to please and only asks for a soft bed, a bone, a squeak ball and a little love (although a LOT of love is even more appreciated). Take a look at his story on our website and email his foster mom with any questions or if you know he's the one (her email link is at the bottom of his story).

Greyson (SC) is slowly coming out of his shell. Each morning he has started giving his foster mom a lovely "whoohoo" howl to remind her that it's breakfast time. He is now going into his kennel on his own to rest while she works (good boy Greyson). He is learning that being an inside dog is very nice because he gets to have friends, and a range of soft comfy doggie beds to choose from. Outside is still very scary for him, but his foster parents Jackie and Jeremy are working on it. His eyes were checked and one eye does not produce tears at all and the other produces some. He has special eye drops and they seem to be working well. Greyson did really well with his neuter and he has a recheck next week for his eyes and incision. Thank you, Jackie and Jeremy, – Greyson is a very lucky boy to be fostered by you.

Jack (FL) is brand new to rescue and we're anxiously awaiting an update. He's about a year old and will need to be neutered and have his temperament evaluated before he's ready for adoption. Keep an eye on our social media posts for more info on Jack.

Jasmine (TN) continues to show improvements and gain confidence. She came to rescue super skittish. Her foster mom, Gigi, has worked diligently with her to help her feel safe and be brave. She even went to the TN Meet-Up last weekend in Knoxville and after being a little unsure at first, quickly found herself running and playing with the other dogs and even exploring the water. Jasmine will stay in foster care just a bit longer to continue to prepare for her forever home...and she will definitely be looking for a brother or sister (or both) to hang out with.

Nelly (TN) is currently undergoing treatment for heartworms while in foster care. In fact, she goes in today and tomorrow for her final two injections and then she'll have only four more weeks of exercise restriction. Please send your happy vibes and well wishes her way because exercise restriction is pretty tough for an active GSP. Her foster mom says that while in foster care she's doing very well! Definitely improving on settling herself down out of the kennel but still struggling to settle while in the kennel. However, it's hard when you're on exercise restriction and have lots of energy but we expect this to improve once she can run and play. In the meantime, her favorite thing is to catch some sun on the patio while watching the birds and critters in the yard! Nelly says that she's going to be an amazing dog for an active family and we all can't wait to watch her run and play and enjoy life after she gets rid of these yucky heartworms.

Pearl (TN, on right) is really settling in nicely at her foster home after her first week in rescue. You'd never know she's 35 lbs. the way she carries on and plays with her 70 lb. foster siblings. She enjoys tug-of-war and zoomies and is a typical Velcro GSP. Her foster parents are working on crate training with her and are also helping her gain a little weight, but she had a great report at the vet this week. YAY Pearl! Pearl will be in foster care for a few more weeks and will then be making a decision about her forever home. Stay tuned for more updates.

K9 Foster News

Percy (TN, on right) is doing amazingly well! His foster mom says he is the sweetest. He's still learning a few house manners (likes people food and trash a bit too much). But they have a garbage can that locks so he's been a bit disappointed! He does great on the leash unless he sees a bird. A bird dog's gonna bird-dog, right? He's shown in this pic in the back watching for birds out the window with his foster sibling. He absolutely loves to cuddle and bops his nose in your face when he wants attention. How adorable does he sound? This 5-year-old will be searching for his forever home really soon, so check back so you'll know when to apply.

Sam (FL) has struggled to find a foster home that could manage his energy despite valiant efforts by several of our wonderful fosters. So, we decided to move Sam to BAK Training in Marietta, GA to get some full-time attention and behavior work. His trainer Kae has reported that Sam does indeed have energy beyond even most young GSPs, but that he loves his ball, is smart as they come, loves to work, and is learning leash manners and impulse control.

Thank you to Sara, Ernest, Livia, and Kimberly for your efforts in fostering this high energy boy and to Kimberly and Cathy for your help in transporting Sam up to his doggie training adventure and many thanks to BAK Training for opening your doors to Sam! Sam will be hanging out in training for a while but stay tuned for updates on his progress!

Tori (SC) is 10-years-old and came from a shelter in TN but our search for a foster home brought her to SC. Her foster parents Deanna and Andy say she's well trained and was definitely a house dog. She's fully house-trained, crate-trained and knows basic commands. She is BALL OBSESSED too! She has loads of energy, you would NEVER know she is 10 except for the precious powder face. As you can see from the picture, she is almost a twin with her foster sister! We have no doubt that with the love and care of her foster parents Deanna and Andy, she will thrive and find an amazing forever home. Tori is healthy so will be in rescue for her 4-week temperament evaluation before she's ready for adoption.

Trixie (FL) is one of our hospice dogs, and she is still enjoying life with her forever foster mom Bonnie. For many years of her life, Trixie went from home to home until she met a sweet man who agreed to take her and contacted SEGSP. We're extremely happy she's living her best life now with Bonnie. Thank you, Bonnie!

Wagner (GA) is only a year old and is learning to be a good dog who does not counter surf. He's working on recall but like many GSPs his attention is always focused on something fun like squirrels. He loves to cuddle and to be the center of attention. He also loves his foster Brighter; they do zoomies together. Thank you, Susie, for fostering this young, energetic boy!

Thank you to all of the AmazonSmile users that chose Southeast German Shorthaired Pointer Rescue, Inc. as their charity. We recently received \$1,038 from Amazon Smile because of you!

If you are NOT on AmazonSmile yet, you can switch and help your favorite non-profit. It's the same products and your chosen non-profit receives a percentage of your purchases.

Here's how it works: Any time you use AmazonSmile when you order items, and if we are listed as your charity, the Southeast German Shorthaired Pointer Rescue, Inc. (that exact spelling) will receive a portion of the price of the eligible purchases. They are the same products as regular Amazon. Go to smile.amazon.com and choose your non-profit. It's that easy!

Need Help?

Sadly, in economic downturns many people are faced with tough decisions about their pets. If you are having trouble paying for food and medicine for your pet, there are many organizations that can help. Before making the decision to give up your animal, please check out these resources to ease the financial strain while keeping your pet healthy and safe at home.

These are a FRACTION of the resources available. If you don't see what you need, try googling "Pet Financial Aid". Additionally, there are many pet food pantries available by city and state location. We encourage you to google "Pet Food Pantry" and your city/state, to find a location.

1. <http://www.browndogfoundation.org> - Prescription medicine aid
2. www.frankiesfriends.org - helping pets in need of emergency and specialty veterinary care
3. <http://www.onyxandbreezy.org> - grants and assistance with medical care, food
4. <https://redrover.org/2020/03/23/coronavirus-covid19/>
5. <http://www.shakespeareanimalfund.org>
6. <https://wagglefoundation.org/riedelcody/>
7. <https://waggle.org> - A
